DIED SUDDENLY

OF HEART DISEASE.

How frequently does a head line similar to the above greet us in the newspapers. The rush, push and strenuousness of the American people has a strong tendency to lead up to valvular and other affections of the heart, attended by irregular action, palpitation, dizziness, smothered sensations and other distressing symptoms.

regular action, palpitation, dizzlness, smothered sensations and other distressing symptoms.

Three of the prominent ingredients of which Dr. Pierce's Golden Medical Discovery is made are recommended by some of the leading writers on Moseria Medical for the cure of just such cases. Golden Seal root, for instance, is said by the UNITED STATES DISPENSATORY, a standard authority, "to impart tone and increased power to the heart's action." Numerous other leading authorities represent Golden Seal as an unsurpassed tonic for the muscular system in general, and as the heart is almost wholly composed of muscular tissue, it naturally follows that it must be greatly strengthened by this superb, general tonic. But probably the most important ingredient of "Golden Medical Discovery," so far as its marvelous cures of valvular and other affections of the heart are concerned, is Stone root, or Collinsonia Can, Prof. Wm. Paine, author of Paine's Epitomy of Medicine, says of it:
"I, not long since, had a patient who was so much oppressed with valvular disease of the heart that his friends were obliged to carry him up-stairs. He, however, gradually recovered under the influence of Collinsonia moot), and is now attending to his business. Heretofore physicians knew of no remeily for the removal of so distressing and so unagerous a malady. With them it was all gness-work, and it fearfully warned the afflicted that death was near at hand. Collinsonin unquestionably affords relief in such cases, and in most instances effects are."

Stone root is also recommended by Drs. "Stone root is also recommended by a carre."

THE POWER OF STEAM.

Many May See F . Takes Genlus to Realize.

When James Watt saw the steam causing the kettle lid to jump up and down he said "There must be power in that steam that it can lift such a

weight."
There was.
Millions prior to him had seen the same phenomenon and regarded it as an unexplained mystery.
Recent scientific research has put its finger on the "cause" of Dandruff, Falling Hair, and consequent Baldness, and iss unearthed a tiny germ which eats the life from the roots of human hair.
Newbro's Herpicide destroys this germ and consequently restores the hair to its natural state.

After a long conference between Mc-Graw and Chance, with the crowd yelling for the teams to play ball, McGraw called upon his utility man, Strang, to officiate as umpire. Strang went on the field to officiate, but Chance would not appoint a player for his team, and the spectators began to grow ugly and demanded some return for their money. The situation was not improved when the Chicago players made a rush off the field for the clubhouse. The spectators began to turn out of the seats, and Joe Humphreys umped into the center of the field and stated the reason why the game did not

THE SALISBURY LYNCHING. Salisbury, N. C., is quiet now after the triple lynching Monday night.

Yesterday J. C. McLendon, the Southern Railway engineer who was shot in the mouth, died in the hospital. He leaves a widow and four chitdren. True bills for murder in the first degree were found by the grand jury Monday against Irvin, Henry Gillespie and the Dillingham woman, but the mob did not disturb them Monday.

The bodies of the three men lynched were yesterday viewed by Corner Bolsett and taken down from the limb to which they had been hanged by the mob.
